

Racegoers Club Owners' Groups

Terms and Conditions

Governance

The Racegoers Club provides the opportunity for its members to experience racehorse ownership by, each year, inviting them to share in the ownership of Racegoers Club Owners' Group horses, under these terms and conditions.

Every Owners' Group is a distinct entity, each or any of which can be joined on payment of the appropriate fee, as publicised at the time of joining.

Governance of the operation of each Owner's Group is the legal responsibility of the Trustees of that Group, whose appointment has been approved by the Committee of the Racegoers Club.

The Trustees decision on all matters not expressly covered in the following rules shall be final and binding on all Owners' Group members.

The Trustees shall have authority to delegate responsibility for the day-to-day management and administration of the Owners' Groups to a nominated Group Manager.

1. The Horse

- Owners' Group horses are leased to race under the name 'Racegoers Club Owners Group'. The Trustees will, on behalf of each Owners' Group lease, for the duration of that Owners' Group, (see Section 4) the racehorse identified in the initial information provided to Club members.
- Under the Rules of Racing, for the purpose of racing under rules, only the Racegoers Club Owners Group is recognised as the Owner of the horse. At all times the horse remains the property of the lessor but within the period of the lease the horse cannot be sold and the lessor foregoes claims on any prize money the horse wins.
- For the purpose of racing under rules, throughout the duration of the lease the horse can only race in the name and colours of the Racegoers Club Owners Group, for the enjoyment and entertainment of the Share Owners.
- In the event that:
 - i) the original horse suffers illness or injury which will prevent it from racing during the term of that Owners' Group term, or
 - ii) the trainer advises the horse does not have the ability required to race under rules,

the Trustees reserve the right to source a replacement horse to enable that Owners' Group to continue.

The Trustees cannot guarantee the replacement horse will match the original in terms of breeding, ability, class/grade or in any other way.

The trainer will advise as to the suitability of a replacement horse based on their opinion that the horse will be capable of racing competitively.

If no suitable replacement can be found within a two week period of the retirement of the original horse the Owners' Group shall be disbanded from that point.

2. Application to Join an Owner's Group:

- The Trustees reserve the right to refuse application for membership of each or any Owners' Group, without having to give reason for such refusal.
- Appeal against the refusal of an application shall be made in writing to the Racegoers Club Committee.
- It is a condition of membership that throughout the term of the Owners' Group shareholders shall be fully paid up members of the Racegoers Club and shall abide by the terms and conditions of the Racegoers Club and the rules of the Owners' Group.
- The Committee reserves the discretion to retain a maximum of two shares in each (or any) Owners' Group: Up to 1 share may be donated to the Club's charity partner for fundraising purposes and a further share may be used to promote Club membership.

- After the initial cooling off period, no share owner shall leave the group until it has been formally disbanded by the Trustees, except by reason of:
 - i) Death, when their interest in the group shall pass to their executors but may not be realised by them until the group has been formally disbanded.
 - ii) Disqualification under the Rules of Racing, where their interest in the Group shall be represented by the Trustees until the disqualification is lifted or the group is terminated, whichever sooner.
 - iii) Disqualification from the Club, where their interest in the group shall be represented by the Racegoers Club Committee until the disqualification is lifted or the group is terminated, whichever sooner.
 - iv) Exceptional circumstances, as determined by the Racegoers Club Committee

4. Duration

The duration of each Owners' Group shall be specified in the initial information provided for each Owners' Group, except in the following scenarios:

i) Where the Trustees accept the advice of the trainer that it would be in the best interests of the group and the best interests of the horse to permit a short-term extension of the Owners' Group, and funds are available to finance such an extension. In the event that a longer-term extension is being proposed, the Trustees may call upon the share owners to vote on whether to extend the term or not, with the majority of votes being cast determining the outcome.

ii) The Trustees may curtail the duration of the Owners' Group if this is considered in the best interests of the horse. This will be based on the advice of the trainer and entirely at their discretion.

iii) If the Trustees determine that any Owners' Group has not attracted the minimum number of share owners to make it viable for the duration of the term. In this event a full refund will be made to shareholders.

FAQ

- **Acceptance as a member**

Acceptance as a shareholder of an Owners' Group requires the approval of the Trustees. This is confirmed by the provision of a share certificate. Payment for a share or shares does not indicate acceptance by the Trustees of your application to become a shareholder in an Owners' Group.

- **Information**

Shares in Owners' groups are not intended as a means to acquire information predominantly for gambling purposes, and there is no tipping information line. Attention is drawn to the Rules of Racing (available on the BHA website) which may operate to restrict member's betting activities in races involving their Owner's Group horse and restrict relaying information about their horse which is not in the public domain.

Our trainers will provide information as to the expected performance of the Owners Group horse but are not guaranteed to make analysis as to its chance in relation to competitors.

By purchase of a share, members are not entitled to receive information on other horses in training in the stable, aside from their own.

- Post-race analysis will be emailed or posted within 7 working days of the race, with enough time for the trainer to assess how the horse has come out of the race.

- **Horse Performance**

At the start of every Racegoers Club Owners' Group term we will make clear the expectations of the Racegoers Club Owners' Group horse, based on the opinion of the trainer. However many factors can affect the development and performance of a horse and we can make no guarantees

as to the number of times a horse will race during the Racegoers Club Owners' Group term, the type of races it will contest, or how well it will perform in those races.

The trainer will decide what races the horse will contest based on where they think the conditions will be most suitable and the horse has the best chance. , This will always be regardless of location.

- **Horse Welfare**

The welfare and wellbeing of the horse will be the main consideration in any decision about its training taken by the trainer, by the Trustees or by the Group Manager.

- **Purpose of the Owners' Groups**

Shares are not sold as investment opportunities and no share owner should purchase a share for reasons other than recreational enjoyment.

- **Stable Visits**

Members are permitted to bring 1 guest to accompany them to the stable visit if the guest is a member of the Racegoers Club and if space allows. Non-member guests of the Racegoers Club will be requested to pay a £10 fee.

No compensation will be provided if any share owner is unable to attend an arranged visit.

- **Membership of the Owners' Groups**

In the event that an Owners' Group does not achieve sufficient numbers to cover the budgeted training and racing expenses for the term of the lease, the owners group will be disbanded and all shareholders will receive a full refund.
